## SUMMARY

Highly motivated and creative software developer with more than 2 years of experience in building web, desktop apps, RESTful APIs. Skilled in C#, ASP.NET, ReactJS development and Database design. Created platforms such as award winning homework management system, event attendee management platform, expense tracking platform based on crowdsourcing to help users manage their expenses

## EXPERIENCE

### Software Developer Intern

04/2021 - Present

VisitMe

- Collaborating with a team to develop multiple web applications using ReactJS, ASP.NET, and C#.
- Contributing to the development of a guest list app for events, which helps manage attendance and streamline check-ins.
- Designing and developing an easy-to-use menu page for customers, enhancing the user experience and improving customer engagement.
- Learning and implementing best practices for software development, testing, and deployment.
- Participating in team meetings and discussions to share ideas, identify problems, and propose solutions.

### ASP.NET Developer

05/2021 - 06/2021

Abdel's Kitchen

- Created online exclusive meal order system / POS with ASP.NET, HTML/CSS/JS stack
- Designed and implemented a user registration system that allows customers to create and manage their profiles.
- Collaborated with the admin team to establish an approval system that grants customers full access to the website's features.
- Built a comprehensive backend system that enables the owner to manage orders, customers, items, and view sales statistics.
- Successfully delivered the project within the given timeframe, meeting all requirements and ensuring seamless functionality.

### Front End Developer Intern

03/2021 - 05/2021

LimeLight Renhold

- Designed and developed responsive web pages based on assigned tasks, adhering to web development best practices and guidelines.
- Improved existing web components to match customer needs, optimizing the user experience and engagement.
- Collaborated with the design team to ensure the web pages' visual design and branding aligned with the company's image and message.
- Utilized front-end technologies such as HTML, CSS, and JavaScript, and worked with web development frameworks and libraries such as Bootstrap.
- Implemented responsive web design principles and techniques to ensure compatibility across devices and browsers.
- Participated in team meetings, code reviews, and testing sessions to ensure the quality of the web pages.

### ASP.NET Developer

06/2020 - 07/2020

CavApp

- Built a QA forum with a payment feature, enabling users to ask questions by paying and choose answers from other users' responses.
- Implemented a payment system that allowed chosen answer users to receive payment, and users to use their balance on

the website or withdraw it.

- Utilized ASP.NET and C# programming languages, and integrated third-party payment APIs for secure transactions.
- Deployed the application on the Microsoft Azure platform and ensured optimal performance.

**Web Developer**

02/2018 - 05/2018

Taskie

- Developed a school system for homework that enables teachers to assign tasks to classes and students to access them through their accounts online.
- Reduced the chances of missed homework assignments by storing everything online and making it easily accessible for students.
- Won 1st place in the GoldenByte IT Championship in Baku, Azerbaijan, and 2nd place in the GoldenByte International IT Championship in Kyiv, Ukraine.
