📍 Debrecen, Hungary

in ismayilzada

🌐 iamemil

Highly motivated and **creative** software developer with more than **2 years** of experience in building web, desktop apps, RESTful APIs. Skilled in C#, ASP.NET, ReactJS development and Database design.

🧠 Skills

🎓 Education

Computer Science MSc, University of Debrecen ✎

09/2022 – present | Debrecen, Hungary

Computer Science BSc, University of Debrecen ✎

09/2019 – 06/2022 | Debrecen, Hungary

GPA 4.42/5.0

Developed an expense tracking platform that allows users to track their expenses based on merchants, categories, and view the price of items over periods of time. The platform is designed to help users monitor their spending habits and make informed financial decisions.

👛 Professional Experience

Software Developer Intern, VisitMe ✎

04/2021 – present | Debrecen, Hungary

- Collaborating with a team to develop multiple web applications using ReactJS, ASP.NET, and C#.
- Contributing to the development of a guest list app for events, which helps manage attendance and streamline check-ins.
- Designing and developing an easy-to-use menu page for customers, enhancing the user experience and improving customer engagement.
- Learning and implementing best practices for software development, testing, and deployment.
- Participating in team meetings and discussions to share ideas, identify problems, and propose solutions.

Front End Developer Intern, LimeLight Renhold ✎

03/2021 – 05/2021 | Oslo, Norway

- Designed and developed responsive web pages based on assigned tasks, adhering to web development best practices and guidelines.
- Improved existing web components to match customer needs, optimizing the user experience and engagement.
- Collaborated with the design team to ensure the web pages' visual design and branding aligned with the company's image and message.
- Utilized front-end technologies such as HTML, CSS, and JavaScript, and worked with web development frameworks and libraries such as Bootstrap.
- Implemented responsive web design principles and techniques to ensure compatibility across devices and browsers.
- Participated in team meetings, code reviews, and testing sessions to ensure the quality of the web pages.

📁 Projects

ASP.NET Developer, Abdel's Kitchen

05/2021 – 06/2021

- Created online exclusive meal order system / POS with ASP.NET, HTML/CSS/JS stack
- Designed and implemented a user registration system that allows customers to create and manage their profiles.

- Collaborated with the admin team to establish an approval system that grants customers full access to the website's features.
- Built a comprehensive backend system that enables the owner to manage orders, customers, items, and view sales statistics.
- Successfully delivered the project within the given timeframe, meeting all requirements and ensuring seamless functionality.

ASP.NET Developer, CavApp

05/2020 – 06/2020

- Built a QA forum with a payment feature, enabling users to ask questions by paying and choose answers from other users' responses.
- Implemented a payment system that allowed chosen answer users to receive payment, and users to use their balance on the website or withdraw it.
- Utilized ASP.NET and C# programming languages, and integrated third-party payment APIs for secure transactions.
- Deployed the application on the Microsoft Azure platform and ensured optimal performance.

Languages

English (IELTS 8.0) • **Turkish** • **Azerbaijani**

Certificates

- CCNA Routing and Switching: Introduction to Networks, Cisco Networking Academy
